YOUR HOME IS COVERED
BY A 10-YEAR WARRANTY.**

WHY A STRUCTURAL HOME WARRANTY MATTERS:

- 1 Your legal risks are minimized and your financial interests are protected in the event a structural defect occurs.**
- 2 You're protected against legal responsibilities for construction issues that occur even after you sell your home.**
- 3 The warranty is transferable, giving you a great sales tool if you sell your home within the 10-year term.**
